

Terms of Participation in the Project

To take part in BIONIC University Educational Project, the Candidates shall pass competitive selection for training in the selected discipline.

Students enrollment procedure

1) Fill in the Candidate Application Form

To take part in the competitive selection for training, the Candidate shall fill in the Application Form on the site. The Candidates who fill in the Application Form incorrectly (missing information in mandatory fields; submission of fraudulent data about the Candidate) are not allowed to take part in the competitive selection.

[Fill in the Candidate Application](#)

Please notice that the application is automatically deactivated after the end of the enrollment for this program. If you want to take the test for the same program during the next enrollment, you need to refill the application form.

2) Technical Test

Technical Test is obligatory to evaluate the Candidate's knowledge in the subject matter.

Invitation to the testing is sent to the Candidates subsequent to the results of analysis of Application Form.

The Candidate is allowed to take a test only in 2 courses within one enrollment. If the Candidate is interested in some other courses, his or her Application will be reviewed during the next enrollment.

Irrespective of the selected course, the Candidate shall pass English language test. In order to be enrolled in the group, Intermediate level of English is required.
